-------	-----------

All the concerned departments/ wards/Units/ Sections of this Institute are directed to implement the rates of user charges with effect from Oct 1st 2015, subject to the vetting of VC Khyber Medical University Peshawar.

To. **Vice Chancellor KMU, Peshawar**

Subject: **Vetting the K-IDS Patient Dental Treatment Charges List**

1. K-IDS have started OPD free of charges since the start of this year so as to encourage, orient & welcome the local population as per the verbal approval of VC KMU.
2. Now rise in the OPD is in progress, dental treatment too expensive, now this teaching hospital/college, because of the meager budget can no longer bear the financial brunt of the dental treatment, as dental material too expensive and lapses soon, being consumed on patients.
3. After consulting the rates of the local dental institutes, deliberation on the above mentioned price list was made and the same submitted for your kind approval.
4. To avoid any financial discrepancy, as being a sensitive matter, it will be highly appreciated, if a responsible accountant/financial assistant is appointed at KIDS who should deposit, the daily collected amount, in an account specified by VC/Registrar KMU, and then later approval by the VC KMU, is to be sought by the Principal KIDS to purchase the new dental material to be replenished so as to fulfill the needs of the daily reporting patients.
5. This will create transparency on part of the KIDS, and will be saved from any discrepancy in finances and/or audit objection in future.
6. Submitted for timely approval please.

Col (Retd) Professor Dr. Hameed Ullah Jan

Principal
KMU Institute of Dental Sciences,
Kohat
